Kyoung-Don Kang Conferences

- Lei Rao, Xue Liu, Kyoung-Don Kang, Wenyu Liu, Liang Liu, Ying Chen, "Optimal Joint Multi-path Routing and Sampling Rates Assignment for Real-Time Wireless Sensor Networks", IEEE International Conference on Communications (ICC '11), June 5 - 9, Kyoto, Japan.

• Kyoung-Don Kang, Sang H. Son, and John A. Stankovic, Service Differentiation in Real-Time Main Memory Databases, 5th IEEE International Symposium on Object-oriented Real-time Distributed Computing (ISORC '02), pages 119-128, April 29 - May 1, 2002. (Longer version: Technical Report CS-2002-02, Department of Computer Science, University of Virginia, 2002.)

**Kyoung-Don Kang Journals**

- J. Oh, K.D. Kang, "A Predictive-Reactive Method for Improving the Robustness of Real-Time Data Services," IEEE Transactions on Knowledge and Data Engineering, To Appear.
