Xiaohua Li Conferences

- X. Li, J. Chen and F. Ng, "Secure transmission power of cognitive radios for dynamic spectrum access applications," the 42nd Annual Conference on Information Sciences and Systems (CISS'2008), Princeton University, Mar. 19-21, 2008.
• X. Li, M. Chen and E. P. Ratazzi, "Space-time transmissions for wireless secret-key agreement with information-theoretic secrecy," the 6th IEEE International Workshop on Signal Processing Advances in Wireless Communications (SPAWC’05), The Italian Academy at Columbia University, New York, June 5-8, 2005.
• X. Li, M. Chen and E. P. Ratazzi, "A randomized space-time transmission scheme for secret-key agreement," the 39th Annual Conference on Information Sciences and Systems (CISS’2005), Johns Hopkins University, Mar. 16-18, 2005.

X. Li, "Integration of system design and standard development in digital communication education," in the Proceedings of the Zone I Conference of the American Society for Engineering Education (ASEE), The United States Military Academy at West Point, NY, April 5-6, 2002.

X. Li and T. Han, "Blind channel identification and equalization for precoded communication systems," in Proceedings of the IEEE International Conference on Communications (ICC), vol. 1, pp. 124-128, New York City, NY, April 29-May 1, 2002.

Xiaohua Li Journals

- X. Li and T. Han, "Blind channel identification and equalization utilizing precoder correlations." submitted.
- X. Li and W. Liu, "Schedule random access of ad hoc wireless networks by multiuser detection principles," submitted.
