Victor Skormin Conferences

- V. Skormin, M. Pechoucek, T. Busch, "Multi-Agent System for Airspace Control in the Combat Zone", Proceedings of the 18th International Conference on Systems Research, Informatics and Cybernetics, Advances in Intelligent Software systems, Baden-Baden, Germany, August 8, 2006
• A. Volynkin, V. Skormin, D. Summerville, J. Moronski, "Evaluation of Run-Time Detection of
Self-Replication in Binary Executable Malware," 7th Annual IEEE Information Assurance
Workshop, West Point, NY, June 6, 2006, Winner of the Best Paper Award
• V. Skormin, A. Volynkin, D. Summerville, J. Moronski, "Prevention of Information Attacks by
Run-Time Detection of Self-Replication in Computer Codes," 3rd International Workshop
MMMANCS 2005, St. Petersburg, Russia, September 24-28, 2005.
• V. Skormin, A. Volynkin, D. Summerville, J. Moronski, "In Search of the ‘Gene of
Self-Replication’ in Malicious Codes," Proc. 6th IEEE Information Assurance Workshop,
• V. Skormin, D. Summerville, O. Shiryayeva, J. Moronski, "Analysis of Active Response in the
Immune System with Computer Network Considerations," 16th International Conference on
Systems Research, Informatics, and Cybernetics (InterSym2004), Baden-Baden, Germany, July
• V. Skormin, D. Summerville, J. Moronski, J. Sidoran, "Application of Genetic Optimization and
• V. Skormin, V. Nikulin, "Internet Accessbile Laboratory: A Way to Enhance Technical Personnel
Training," NATO Community-Army-Technology-Environment Conference Proceedings, Brno
• V. Gorodetski, I. Kotenko, V. Skormin, L. Popyack, "Ontology-Based Multi-Agent Model of
Japan, November 9-11, 1999.
• V. Gorodetski, I. Kotenko, V. Skormin, L. Popyack, "Agent-Based Models of Information Security
Workshop of Central and astern Europe on Multi-Agent Systems, St. Petersburg, Russia, June
1-4, 1999: pp. 113-123
**Victor Skormin Journals**

Victor Skormin Books

- V. Skormin, Advanced Process Control: Analysis, Modeling, Control and Optimization, 350 pages, Completed manuscript is being submitted to Springer NY
